

IGLOO ROLLING PARTY COOLER

BUILT FOR GOOD TIMES

Turn any gathering into a full-on celebration with the Igloo® Party Bar 125 Qt Cooler. Inspired by classic Texas icehouse beer chests, this rolling cooler is part bar cart, part ice chest, and 100% party essential.

Ultratherm® foam-insulated walls and Cool Riser Technology® deliver extended ice retention, while the elevated, removable base makes it easy to reach in—or lift the cooler off to use as a traditional chest.

Host like a pro with locking swivel caster wheels, removable drink dividers, a bottle/wine caddy, and a built-in stainless bottle opener with cap-catch bin. A removable lid converts the Party Bar into an open beverage tub, and utility loops keep towels or trash bags handy.

Cleanup is a breeze with the threaded, hose-compatible drain plug. Spacious enough to hold up to 158 cans with dividers, it's always the life of the party.
